👤 ABOUT ME

I am a passionate and dedicated Frontend Web Developer, certified by Jawan Pakistan in Web Development, with expertise in building visually appealing, fully responsive, and user-centric websites. I specialize in HTML, CSS, and JavaScript, as well as modern frontend frameworks like React.js and Next.js. My skills extend to crafting clean, professional interfaces using Tailwind CSS, Material UI, and Bootstrap, while ensuring seamless collaboration through version control with GitHub. I have also developed various projects, including my portfolio, which showcases my ability to create real-world, functional web solutions. Furthermore, I am continuously learning and expanding my skill set to stay up to date with the latest web technologies.
